All Indian Rights Organization - A Chapter Of Naina Dayal Foundation India  
pledges to

**End child labour in India**

## **End child labour in India**

**Name:**

Ending child labour in India

**Description:**

We will eradicate child labour and ensure people are aware of its root causes and consequences, as too often this issue is worsened by a lack of awareness.

**Implementation plan:**

We will create the right environment to eliminate child labour by organizing awareness lectures and poster presentations countrywide.

**Impact:**

We will raise awareness about child labour and children's rights among the community by going back to the Indian culture, according to which a child is the incarnation of God.
