on the elimination of child labour
and promote an action plan**

Conduct a national level symposium on the elimination of child labour and promote an action plan

Name:

Conduct national level symposium on the elimination of Child Labour and Promote Action Plan

Description:

Gathering government officials, social partners, stakeholders and other experts bodies for a period of time to technically shed light on Child labour elimination in Afghanistan. Through this symposium, we are going to promote and advocate Afghanistan National Child Labour Strategy and Action Plan 2018-2030.

Implementation plan:

The strategy is to invite government officials, social partners, and stakeholders from all over Afghanistan to Kabul city. A conference room from a hotel will be booked. An official commitment towards the elimination of child labour will be taken from high-level government and other social partners officials.

Impact:

By advocating and sensitizing high-level officials and social partners to implement the National Child Labour Strategy and Action Plan 2018-2030 which is a comprehensive document to eliminate child labour in the country.
