Contribute to ending child labour across Ankara's industry

Name:

Contributing to ending child labour across Ankara industry

Description:

Ankara Chamber of Industry was established in 1963 to increase the competitiveness of Ankara's industrial companies. As a professional organisation with a public body status, the Chamber works with a vision to make Ankara a leader in industry and technology. The Chamber has over 8000 members that operate along 35 different professions. The Chamber's 2021 Action Pledge includes contributing to ending child labour across Ankara's industry and organized industrial zones.

Implementation plan:

The Action Pledge will be implemented by informing all members about the 2021 Year of ending child labour and raising their awareness through official notifications, website and social media. Moreover, 13 Organized Industrial Zones in Ankara will be informed officially and

encouraged to raise their members' awareness.**Impact:**

The industrial companies in Ankara will learn about the endeavours to end child labour and the year 2021 activities. They will be invited to promote efforts to end child labour in their companies.
