**Create a safe working environment
for teenagers**

Create a safe working environment for teenagers

Name:

Creating a safe working environment for teenagers

Description:

We will establish apprenticeship programs to reduce the rate of dangerous child labor for groups aged 15-17 by providing decent job alternatives.

Implementation plan:

We will campaign to stop dangerous child labor and encourage NGOs to collaborate closely with the local government on the child labor issue.

Impact:

By joining the UNGC, BWYF expects to learn from other members how best to prevent child labour in supply chains and how to overcome certain obstacles when reviewing supply chains. BWYF also expects to share our experience in Bucheon.
