Initiative to combat Child Labour in the private sector in Morocco

CGEM, MOROCCO

Initiative to combat Child Labour in the private sector in Morocco

Name:

Initiative to combat Child Labour in the private sector in Morocco

Description:

Set up of an online platform to inform and raise awareness as well as to unite the strengths and contributions of the Moroccan private sector to accelerate actions carried out to eradicate child labour in Morocco

Implementation plan:

The design, documentation, posting online and enrichment of the platform while communicating this pledge.

Impact:

This pledge will raise further awareness of private sector stakeholders, inform them, guide them, highlight their experiences and commitments to boost efforts all round.
