## **Launch a trade union movement in the Americas for the prevention and eradication of child labour and the protection of youth labour**

### **Name:**

Trade Union Movement of the Americas for the Prevention and Eradication of Child Labour and the Protection of Youth Labour.

### **Description:**

Implement the resolutions taken at the 4th TUCA Congress in April 2021 regarding child labour: the TUCA will direct its efforts to place the population of children and adolescents at risk or in a situation of child labour at the centre of economic recovery strategies to stay on track to achieve Target 8.7 of the Sustainable Development Goals to “by 2025 end child labour in all its forms”. For this reason TUCA reaffirms its commitment to combat child labour and forced labour. With the support of the Latin American Trade Union Network to Combat Child Labour, we will support initiatives that contribute to the eradication of child labour, especially in its worst forms, articulating actions with partners and participating in the Regional Initiative Latin America and the Caribbean Free of Child Labour.

### **Implementation plan:**

- Identification of child labour contact points in each of the member organizations
- Survey of actions carried out by TUCA member organizations in each country
- Relaunching and strengthening the Latin American Trade Union Network to Combat Child Labour

### **Impact:**

Articulating the trade union organizations that belong to the TUCA to influence institutional spheres with a view to achieving the implementation of public policies in each of their countries and strengthening their participation in spaces for social dialogue.
