

INTERNATIONAL YEAR
FOR THE ELIMINATION
OF CHILD LABOUR

GOVERNMENT

Federal Ministry of Agriculture and Rural Development Abuja Nigeria, Nigeria
pledges to

End child labour in the cocoa supply chain in Nigeria

End child labour in the cocoa supply chain in Nigeria

Name:

Ending child labour in the cocoa supply chain in Nigeria

Description:

We will organize a training of Agric extension workers starting in Ondo and its neighbouring states, Sound, Ogun, Ekiti and Oyo states. We will also distribute branded T-shirts on June 12 for the commemoration of world day against child labour as a form of sensitization.

Implementation plan:

45 extension workers ADPs were already trained between 19th April to 22nd April in Ondo state.

The branded T-Shirt will carry the theme END CHILD LABOUR NOW & TAKE A STAND. This will serve as sensitisation and advocacy to make the community realize the menace of child labour and why it's important to shy away from it.

Impact:

Children and adult will wear the shirts on daily basis and the message about the ills of child labour will be spread among the Nigerian Populace.
