

ORGANIZATION

Trade Union Policy Committee of the national project, Argentina
pledges to

**Create a Local Multisectoral Committee
on the eradication of child labour in the
northern area of Greater Buenos Aires**

Create a Local Multisectoral Committee on the eradication of child labour in the northern area of Greater Buenos Aires

Name:

Creation of a Local Multisectoral Committee on the eradication of child labour in the northern area of Greater Buenos Aires

Description:

"We pledge to set up meetings with different state bodies, social organizations and trade unions to articulate actions for the eradication of child labour in the northern area of Greater Buenos Aires."

Implementation plan:

We will:

- set up meetings with different state bodies, social organizations and trade unions to articulate actions for the eradication of child labour in the northern area of Greater Buenos Aires;
- call on the municipal government to implement policies and budgets to promote the eradication of child labour;
- request the declaration of the "International Year for the Eradication of Child Labour" during the session of the Honourable Deliberating Council of San Isidro, Greater Buenos Aires;
- strengthen an exchange on child eradication in northern Greater Buenos Aires together with COPRETI (provincial government);
- establish links with SENNAF (national government) to work on the right to play and the defence of children's rights;
- consolidate an operation to document children in the La Cava neighbourhood;
- organize a series of training sessions and talks to raise awareness of the problem in local neighbourhoods;
- organize the creation of two games libraries in two canteens in the vulnerable neighbourhood of La Cava, San Isidro, Greater Buenos Aires;
- promote a music theatre workshop for children in La Cava, San Isidro, Greater Buenos Aires.

Impact:

We hope to raise awareness of this problem in the target area, and articulate actions to bring together contributions of social organizations and trade unions in the area through the work carried out by a range of national and provincial state bodies.
