Organisation Scoutisme Mohammedia Marocaine, Morocco

Pledges to

**Amplify the commitment of the scouts  
towards the elimination of child labour  
in Morocco**

## **Amplify the commitment of the scouts towards the elimination of child labour in Morocco**

### **Name:**

Scaling up of scout involvement in eliminating child labour in Morocco

### **Description:**

The OSMM section has accumulated significant experience, in partnership with the ILO and MAP16 Morocco, in the field of fighting child labour. The OSMM pledges to use this experience in the Rabat-Kénitra region and share it with the other 11 regional sections to mobilize around the issue of the elimination of child labour in Morocco.

### **Implementation plan:**

Documenting the experience of the Kénitra section: data sheets, guides, posters, leaflets, PPT and audiovisual materials.

Organizing two teleconferences between members in all regions to introduce the programme and prepare knowledge-sharing workshops.

Organizing a roadshow to hold workshops and discussions with regional sections and to produce an inter-section collaboration scheme.

### **Impact:**

This pledge will allow scouts in Morocco to mobilize to:

- Integrate the objective of contributing to the fight against child labour in the annual programme of all regional sections in Morocco
- Encourage regional sections to draw up projects and build partnerships with various stakeholders
- Integrate the issue into the programme for holiday camps held by the scouts in Morocco
