SAGYA FZC, UNITED ARAB EMIRATES

Commit to ending child labour

Name:

Commitment to Ending Child Labour

Description:

We are committed to refrain from doing business with any entity that employs children or approves of it.

Implementation plan:

Since we know our clients/suppliers well, we will keep a record of their policies and of the reports published by the human rights organizations that might mention them in any relevant activities.

Impact:

Could be a small effect, however, by refraining from doing business with those entities we help the cause.
