children and key stakeholders**

SAVE THE CHILDREN FIJI, FIJI

Raise awareness to end Child Labor across communities in Fiji in partnership with children and key stakeholders

Name:

Save the Children Fiji staff and volunteers pledge to raise awareness to end Child Labor across communities in Fiji in partnership with children and key stakeholders.

Description:

Save the Children Fiji will carry out the action pledge by ensuring that all community awareness sessions on child protection focus on child labor. In June-July 2021 we will work with children and partners to conduct awareness in communities with the goal of ending child labor.

Implementation plan:

SC Fiji will ensure that we include the hashtag #EndChildLabour2021 throughout our journey on our social media platforms such as Facebook, Twitter, and Instagram.

Impact:

Children, communities, and stakeholders are expected to learn from each other and share best practices to eliminate and prevent Child Labour during a Prevention to Child Abuse and Neglect Day in November 2021.
