**Successfully complete the child labour
survey in Sindh**

Successfully complete the child labour survey in Sindh

Name:

Successfully completing the child labour survey in Sindh

Description:

We will conduct the survey to find the prevalence and consequences of child labour in Sindh province, Pakistan.

Implementation plan:

We will implement the survey with the technical support of UNICEF and the Provincial Labour Department. Upon completion, we will share the complete report with all stakeholders, including the ILO.

Impact:

The results of the survey will help the policy makers and planners design specific policies based on scientific research.
