

ORGANIZATION

Sokcho City Facilities Management Corporation, Republic of Korea
pledges to

**Eradicate all activities related to illegal
abuse and exploitation of child labour**

Eradicate all activities related to illegal abuse and exploitation of child labour

Name:

Sokcho City Facilities Management Corporation eradicating child labour exploitation.

Description:

As a responsible local public company in the local community, we will actively take the lead to eradicate all activities related to illegal abuse and exploitation of child labour in order to implement the leading practices of human rights management.

Implementation plan:

In addition to continuous human rights impact assessment every year, we will actively endeavor to eradicate child labor by establishing a working-level human rights council with various organizations and companies.

Impact:

We will make practical joint policies such as measures to eradicate child labor through working-level consultations on human rights with various organizations and companies.
